Broadstripes

OCTOBER 2026

Broadstripes price sheet

Here's how Broadstripes pricing works.

> **$5,000 minimum.** Every subscription starts at $5,000 a year, which covers up to 5,000 people (workers or members).

> **$1 per person per year.** Each person above 5,000 costs $1 a year.

> **Volume discounts.** At 20,000 people, the price per person starts to drop. The table on the next page has the details.

> **Prices subject to change.** New prices don't take effect until the next quarterly billing period. For current prices, email info@broadstripes.com.

> **Unlimited users.** Give as many people on your team access as you like, at no extra cost.

> **Support and training included.** Your subscription includes training to get started and ongoing support.

> **Quarterly billing.** We send an invoice every quarter. It's based on the average number of people in your active projects over that quarter, plus any text messaging costs.

Calculating your quarterly fee

To work out your quarterly fee:

1. Find your tier in the table on the next page: the row where your number of people falls between columns A and B.
2. Subtract your tier's minimum (column A) from your number of people.
3. Multiply the result by your tier's rate per person (column D).
4. Add your tier's base fee (column C). That's your quarterly fee.

Volume discounts

	NUMBER OF PEOPLE		QUARTERLY FEE	
	A	**B**	**C**	**D**
Tier	Minimum people	Maximum people	Base quarterly fee	Per person above minimum
1	0	4,999	$1,250	—
2	5,000	19,999	$1,250	$0.25
3	20,000	49,999	$5,000	$0.20
4	50,000	99,999	$11,000	$0.1625
5	100,000	199,999	$19,125	$0.1375
6	200,000	299,999	$32,875	$0.1125
7	300,000	399,999	$44,125	$0.0875
8	400,000	499,999	$52,875	$0.0625
9	500,000	699,999	$59,125	$0.0375
10	700,000	and up	$66,625	$0.0250

Example: A union with 55,000 people in its active projects.

1. 55,000 falls in tier 4 (50,000 to 99,999).
2. 55,000 − 50,000 = 5,000 people above the tier minimum.
3. 5,000 × $0.1625 = $812.50.
4. $812.50 + $11,000 base fee = **$11,812.50**, the quarterly fee.
